

A1
cont

in Fig. 1. An isolating layer 13 is provided between the active ingredient member 12 and the adhesive member 14 to separate them. The cleaning sheet 10 is stuck to a mold- or dirt-contaminated object on the side of the adhesive member 14.

IN THE CLAIMS:

Please amend the claims as follows:

Claim 1. (Amended) An adhesive mold removing cleaning sheet comprising:

a liquid-permeable supporting sheet;

A2

an active ingredient member comprising a mold removing ingredient; and

Sub
BL

a liquid-permeable adhesive member comprising an adhesive, wherein an isolating layer is provided for separating said active ingredient member and said adhesive member, and said cleaning sheet on use being stuck on to an object to be cleaned by applying the adhesive member thereof to the object.

A3

Claim 3. (Amended) An adhesive cleaning sheet according to claim 1, wherein said mold removing ingredient is provided on said supporting sheet, said isolating layer is provided on said active ingredient member to cover said active ingredient member, and said
